The attached Status Request and Change in Correspondence Address form was sent to the USPTO on October 8, 2001. To date, no response to the status request has been received.

In a phone conference with Customer Service today, I was further informed that the Change in Correspondence Address has not been entered into the system, and was advised by Customer Service to fax a copy of the original request back at the above fax number for entry.

I was further advised by Customer Service that a Notice to File Missing Parts was sent in August 2001 to 2033 Gateway Place, San Jose, California 94110. Unfortunately, this is an incomplete address without the company's name and therefore, was never received by me. Accordingly, I respectfully request that another Notice to File Missing Parts be sent to the correct address and the application be allowed to progress normally through the patent system without penalty or additional fee.

Yours truly,

Victor H. Okumoto
